Brian Mongeau, EMS Director, told commissioners that part-time EMS staff are paid \$1.25 per hour to be on call, with \$10.00 per run pay. Mongeau commented that it's not very much to pay someone to be close to the barn, and be able to get there within five minutes during their on-call shift. Mongeau asked to raise the hourly rate to \$2.50 and said he felt the part-time budget line item is sufficient to handle the increase. Commissioner Fox made a motion to approve changing the rate part-time EMS staff receive for on-call pay to \$2.50 per hour, effective 1/8/2017. Commissioner Hodge seconded the motion. The motion carried. Sometime in the future, Mongeau would like to address the \$10 call pay and increase that to \$15 as well.

Levi Vinson, Emergency Management Director, told commissioners that his truck is in need of repair and he needs a new computer. Vinson reported that the City of Fall River has their water turned back on and that the bottled water purchased for Fall River during their recent issues, will not be able to be covered by a Health Department Grant, as it does not fall under the guidelines of an "emergency" according to their grant. They will still pay for it out of their funds as it does fall under the Health Department's responsibilities. Commissioner Fox commended Vinson, the Sheriff's Office and EMS for all their response to the recent crisis.

Undersheriff Randy Cox updated the commissioners on the Sheriff's office search for a new software system, after their E911 tracking system crashed this summer. Cox said the search has been narrowed to two companies, and the start-up costs will range from \$10,000-\$18,000. Cox also discussed new laptops for the deputies that will reduce the time they currently spend in the office doing paperwork. The laptops will allow each officer to complete basic reports from their vehicles. Cox said that 14 "Toughbook" laptops will cost approximately \$2,800 before programming costs. He planned to purchase them this week. Cox also reported that there are 11 full-time deputies and three part-time, which leaves two vacant spots. They have narrowed down applicants. Cox reported they have begun 12 hour shifts for deputies, which increases the full-time coverage all over the county. He reported that it's working well so far.

At 9:50 a.m. Commissioner Fox made a motion to adjourn. Commissioner Hodge seconded the motion. The motion carried.
